

T. KRISHNA GOUD

DRIVING EXCELLENCE IN GLOBAL LOGISTICS AND TRAVEL SERVICES

T. Krishna Goud, the visionary founder and CEO of Eaglespeed Overseas Logistics, stands as a remarkable example of entrepreneurial leadership in the global logistics and travel sector. With over a decade of hands-on experience in cargo and transportation services since 2000, he possesses a rare blend of practical expertise, strategic foresight, and customer-focused innovation. In 2022, he transformed his long-standing industry knowledge into a thriving enterprise by establishing Eaglespeed Overseas Logistics (MSME and ISO 9001: 2015 and 10002:2018 Certified, Integrated Logistics Company) to redefine efficiency, reliability, and client satisfaction. His company offers a broad spectrum of logistics services, including air cargo, sea cargo, rail cargo, and road cargo, supported by customs clearance and freight forwarding solutions that ensure seamless delivery across international borders.

Not limiting himself to logistics alone, Krishna Goud expanded into premium travel and tourism, offering curated cruise booking services and customizable travel packages to breathtaking destinations worldwide — from the serene beaches of Bali to the bustling streets of Tokyo. Under his leadership, Eaglespeed has earned a reputation for precision, transparency, and trustworthiness — values that have become the company's signature. By combining cutting-edge technology, robust global networks, and personalised customer care, he has created a brand that not only meets expectations but consistently exceeds them. His forward-looking vision is to position Eaglespeed as a global leader in both logistics and travel, setting new benchmarks in service quality while inspiring confidence in every client.

SOME Q AND A WITH T. KRISHNA GOUD:

Q. What inspired you to establish Eaglespeed Overseas Logistics and enter the logistics and travel industry?

■ **T. Krishna Goud:** "The inspiration came from my years of experience in cargo and transportation services, which began in 2010. I witnessed first-hand the challenges clients face in ensuring the timely, secure, and efficient delivery of goods. I wanted to create a company that not only addressed these challenges but exceeded expectations. At the same time, I recognised a growing demand for premium travel and cruise booking services, which could be offered alongside logistics solutions under one trusted brand. This vision led to the creation of Eaglespeed Overseas Logistics in 2022. My goal was to build a company that blends professionalism, innovation, and customer-centricity, delivering both reliable cargo services and unforgettable travel experiences. The satisfaction of seeing clients' goods reach their destinations safely or their dream vacations become reality is what motivates me every single day."

ACHIEVEMENTS, WORK DONE & INSPIRATION

- Founder & CEO of Eaglespeed Overseas Logistics, established in 2022
- Over a decade of experience in cargo and transportation services since 2000
- Expertise in Air, Sea, Rail, and Road Cargo services with international reach
- Expansion into premium Cruise Booking and Global Travel Packages
- Known for delivering swift, secure, and reliable cargo services globally
- Strong emphasis on customer satisfaction and operational efficiency
- Visionary leadership combining innovation with practical logistics solutions

Q. How does Eaglespeed ensure efficiency and reliability in handling international cargo?

■ **T. Krishna Goud:** "Efficiency and reliability are the cornerstones of our operations. We have developed a streamlined process that integrates advanced tracking systems, a strong logistics network, and skilled professionals who understand the complexities of global shipping. Every shipment, whether by air, sea, road, or rail, is handled with meticulous care to ensure it reaches its destination on time and in perfect condition. We also maintain close communication with our clients throughout the process, providing transparency and peace of mind. Our partnerships with trusted carriers and adherence to international standards allow us to consistently meet deadlines and uphold our reputation for reliability. In today's fast-paced world, speed alone is not enough — accuracy, security, and customer trust are equally important, and that's exactly what Eaglespeed delivers."

Q. What is your long-term vision for Eaglespeed Overseas Logistics?

■ **T. Krishna Goud:** "My long-term vision is to make Eaglespeed a globally recognised brand in logistics and travel, known for its excellence, innovation, and customer satisfaction. I want us to expand our service network to more countries, offering end-to-end solutions for businesses and individuals alike. We aim to invest in cutting-edge technology for cargo management, sustainable transportation practices, and enhanced travel experiences. Additionally, I envision Eaglespeed becoming a leader in integrating logistics with tourism, where customers can rely on one trusted partner for both their cargo and travel needs. Ultimately, my dream is for Eaglespeed to set new industry benchmarks, inspire trust across continents, and create lasting relationships with clients by consistently delivering beyond expectations."
